

Applications for Flight Nurses & ACP Paramedics being Accepted

Fast Air is looking for individuals to join our team of dedicated, caring health care providers. Fast Air offers experienced and driven health care providers the opportunity to reach their dreams and goals of becoming highly trained acute care flight nurses/paramedics. We provide an extensive educational and training regime that works to ensure safe medical practice. Fast Air is also proud to include a pay scale that is extremely competitive. Fast Air MedEvac uses highly trained pilots who work with the nurses to create a strong team environment.
