

FLIGHT NURSE OR FLIGHT MEDIC (MEDEVAC) 1.0 FULL-TIME

Established in 2003 Fast Air MedEvac has become a trusted provider in the delivery of transport medicine. Our dedication to excellence is seen in everything we do from the aircraft we fly to the quality of our personnel. We provide 24-hour air ambulance service from our bases in Norway House, Thompson, Island Lake and Winnipeg, Manitoba. Our skilled medical staff care for patients with the ease and compassion of those truly dedicated to their mission. As well, our flight crews are supported around the clock by our Flight Dispatch Center whose focus on customer care ensures smooth, safe and efficient patient transfers.

The Beechcraft King Air 200 is the current aircraft used for Medevac operations by Fast Air Ltd and is considered one of the safest in the industry. Fast Air Ltd, is pleased to offer a competitive compensation package (details below) including partial to full travel reimbursement for out of province employees.
